	All injection volume	Variable Charge		HNABSN-INJT	Injection	\$/kWh	0.0000	

All rates are exclusive of GST.

No prompt payment discount applies to the rates above.

The HNABSU price category applies to consumers where the consumer's point of connection does not have a meter measuring consumption, has a capacity less than 1kVA and consists of fixed wired equipment with a predictable annual electricity usage. Where any of these criteria are not met, the consumer will be required to install a meter and will be placed on the appropriate metered price category.
